Built the Labquest 2 updater, still being used by thousands of
customers. Performed software maintenance and research.

ABOUT ME

I'm **Thomas Guerena**
a Software Engineer in Portland, Oregon.

I have 3 years of experience as a javascript engineer. However, I have a
boad spectrum of interests and abilities. I enjoy ttttworking with clients,
designing applications as much as I do cryptography and AI (almost).
Please read more about me on my website, **thomasguerena.com**.
